Cats Host Aggies

Tough Utah Quintet To Battle Brigham's For First Position

by Jack Smith
Universe Sports Writer

Brigham Young University, coming into first place by a slim margin, will face its stiffest opponent of the season thus far when it plays host to the apologetic Utah State Aggies Thursday night and travels to Salt Lake City to do battle with the Utah State Aggies Saturday night.

Agiess Tough

The Aggies, who defeated the Cougars in their only loss of the season, will attempt to prove that the win was no fluke when they confront the BYU forces led by Captain Pat Dunn, one of the finest players to grace the Skyline in many seasons. The Cougars will be gunning for

Brigham's from any little angle.

Teddy the Cougars' Crayfish banged in 32 points against Denver's Paterson. Smith is said to have all season's work in his All American study after a slight slump. Today's game probably draw Curt Jones, the Utah defensive ace. Saturday night and Frank Dulak, Utah's running back, at the University of Utah.

Donald Patterson, one of the Skyline's great centers, John Hansen, top rebounding and defensive ace, Tom Steake, long-shot artist and playmaker, and Big Ed Poyner, one of the most consistent scorers and rebounders on the Utah club will also be counted on for heavy action this weekend.

The Saturday night encounter in Salt Lake City will be televised over KSL-TV as a result of the interest of the Utah fieldhouse. Game time will be 8 p.m. for both games.

Universe Sports

first place when they meet the Cats. A win by the Ags Thursday would vault the Utah State into first place in the hectic Skyline title race.

Coach Jack Gardner will have his Utes worked to a fever pitch as a result of dropping the two titles against the mountain, and will be out for Cougar blood Saturday night. Bente, Berggren, Buckwalter and Co. will be pressed to their best when they meet Coach Stan Watts' club.

The Cougars, paced by the "rebirth" of Cowboy Terry Tebbe, have been drilling hard in preparation for this do-or-die series. A win last weekend would virtually eliminate the

CLAYTON'S CORNER

by Ken Clayton

Coach Stan Watts' career literally came to his last weekend in Utah, snapped off of their defenses to chalk up convincing wins over New Mexico and Denver. Until last week's play, the Cats held down the third-place slot in the league.

Perhaps the relaxed play of the Cats was a good omen. During the 1951 season (which was the year BYU won the NIT championship) the Cats hit a four-game losing slump. After a meeting of players and coaches, the boys decided to shake the pressure surrounding them and play the game just for fun. The Brigs played mighty winning the next night and whipped Ev Shelton's Pukes by 30 points, and went on to win the league title.

Maybe the best method for the 1956 Cats is to play each game as it comes and have fun in the process. It appears to this day that the Wattsmen adopted this policy last week and it fairly paid dividends.

When you are on top everyone is pointing for you, so it is as well take each tilt in stride, rather than point for one or two opponents and suffer a let-down in the interim.

Tomorrow's game with Utah State should provide considerable interest in the area. The Panzers, who upset a 5-2 league record, will be vying with the Cats for first place, and the fray should attract nearly a full house.

Saturday's clash with Utah should also be a classic. But, things first. The Cats must surmount the Utah State hurdle

Journalism Students Appointed To Universe Editing Positions

Two coeds have been appointed to top Universe editorial staff positions.

Virginia Brinkerhoff, Richland, Wash., has taken over the duties of managing editor, while Sally Arnold, Hermosa Beach, Calif., is now campus editor.

Miss Brinkerhoff, a sophomore journalism major has been campus editor of the Universe for the past year and a half, and is secretary of the Rocky Mountain Intercollegiate Press Association. She toured Europe last summer with several other student journalists. She also was editor of her high school paper.

Miss Arnold, a junior journalism major, graduated from Queen Anne High School in Seattle. She transferred from a music major into the journalism department last fall quarter. Her previous journalism experience has been as a reporter for the Universe during the last quarter and 1955 summer school.

Ralph Barney, Flagstaff, Ariz., assumed the position of Universe Editor-in-Chief this week. He was recently appointed by the publications committee to head the Universe for three quarters.

Changes in the editorial staff would have come at the end of winter quarter, however Steve Hale, Savannah, Ga., resigned this week as Editor-in-Chief of the Universe to accept another position.

Coed Call Sounded For Studentbody Office Secretaries

Typists, secretaries, and receptionists are needed by Vickie Richards, studentbody secretary. Typists and secretaries need to know shorthand, she said. She also needs coeds to work on the studentbody scrapbook.

Interviews will be Wednesday 3:30 to 4:30 p.m. in the studentbody office. Those marked "receptionist" or "secretarial work" on interest cards at registration are reminded this is their chance to apply for that work. This is an opportunity to meet and work closely with the executive council and cabinet, Miss Richards said.

Receptionists work about two hours a week and secretaries about three hours a week.

There are also several studentbody administrative jobs open. Anyone interested can apply at the same time, the studentbody secretary said.

Fouls 'em All Up...

A-Bomb Radiation Effects Studied on Fish at BYU

By Norman Akita
Universe Staff Writer
Abnormal fish bodies rearing from hunch-back deformities to fish with one eye and three eyes are direct results of experiments with X-radiation—radiation similar to that caused by the atom bomb.

This was found true by Dr. Lester A. Allen, member of Brigham Young University's biology department. He has studied for several years the effect of X-radiation upon the embryonic development of fish life.

During the past year he found that fish eggs exposed to various degrees of the radiation resulted in abnormal offspring.

Although most of the offspring died within a few weeks, a few lived into adulthood.

Dr. Allen remarked that radiation destroyed organs such as the digestive tract, reproductive organ, brain and blood cells and

tissues during early stages development.

Dr. Allen pointed out that Japan a study of children by parents who were exposed to the atom blast eleven years ago has also shown a marked increase in abnormalities. Dr. Allen explained his research which is financed by the United States Atomic Energy Commission and BYU's biology department, is a small segment of the problem of radiation's effect on structures.

He is assisted by Willard Kaucha, Laie, Oahu, Hawaii, Louis Mulkey, Pacific Grove, Calif., both graduate students.

J. Paul Sheedy' Had A Hangdog Look Till Wildroot Cream-Oil Gave Him Confidence

Poor old monkey Sheedy was hounded by a lack of confidence! Every day he talked to tell him he was barking up the wrong tree. "Fido at get a pretty soon," he howled. "I'm gonna fix the campus and go home to muther." Then he got wise to Wildroot Cream-Oil. Now he has confidence in any situation because he now has hair looks healthy and handsome, the way Nature intended... neat but not greasy. Contains the heart of Lanolin, the very best part of Nature's finest hair and scalp conditioners. Get yourself a bottle or tube of Wildroot Cream-Oil, America's biggest selling hair tonic. It gives you the confidence you need to be a gay dog.
